5x

extended durability with 5-year UV warranty

3x

better airflow with high-ventilation design

Ginegar Anti Hail Net Leno, available at Agriplast Tech India, is a robust leno weave net designed to protect crops in regions prone to forceful hailstorms. With a 5-year UV warranty, this high-ventilation net safeguards against hail, birds, and wind, ensuring crop quality and yield. Its durable construction provides reliable, long-lasting performance for farmers seeking effective protection. In stock for immediate delivery from Hosur or Ahmedabad, it's a must-have for hail-prone areas. Visit www.agriplast.co.in to secure your crops with this trusted, high-quality anti-hail solution from Ginegar today!

Frequently Asked Questions

What is Ginegar Anti-Hail Net Leno?

It is a durable leno-weave net designed to protect crops from hail damage, birds, and strong winds while ensuring high ventilation.

What makes Leno Net different from Raschel Net?

Leno Net has an interwoven, twisted structure, making it stronger and more resistant to tearing. Raschel Net has a knitted structure, offering flexibility and easier handling.

What are the key benefits of using this net?

Shields crops from hailstorms Prevents damage from birds Protects against strong winds Ensures proper airflow and ventilation

What is the material used in this net?

It is made from high-quality, UV-stabilized polyethylene, ensuring long-term durability.

What is the lifespan of the Ginegar Anti-Hail Net Leno?

It comes with a 5-year UV warranty, but with proper maintenance, it can last even longer.
