Port of Dispatch	Hosur / Ahmedabad

Frequently Asked Questions

What is the purpose of a weed mat?

A weed mat prevents weed growth, conserves soil moisture, and promotes healthy plant growth by blocking sunlight from reaching weeds.

What does 100 GSM mean?

GSM stands for grams per square meter, indicating the fabric's density. 100 GSM offers a good balance of durability and permeability for agricultural use.

Is the weed mat UV stabilized?

Yes, it is UV stabilized to ensure a longer lifespan of up to 3 years under sunlight exposure.

How do I install a weed mat properly?

Prepare the soil (remove weeds and debris) Lay the weed mat flat over the area Secure it with weedmat nails or pegs at regular intervals Cut openings where plants need to grow

What sizes are available for the weed mat?

Available width: 1.2m, 4.2m, 5.2m, Available length: 50m, 100m
